DOB: 24<sup>th</sup> February 2004

#### Academic

Program	Discipline/Specialization	Board/University	%/CGPA	Year of Completion
BCA	Data science	The ICFAI University, Jaipur		2025
12 <sup>th</sup>	PCM	RBSE	69.40	2022
10 <sup>th</sup>	General	RBSE	65.60	2019

#### Allied Credentials

- I have complete the web technology certificate from Udemy.
- I have get the certification of the data science from learn and build.
- I have get the certification of the data mining from Udemy.

#### IT Skills

- C
- Html/CSS and JavaScript
- Basic of python
- MongoDB
- Node.js
- Express.js
- Reect.js

#### Projects

Project Title: STONE PAPER SCISSOR

Learning Outcomes: Participants learn front-end web development skills by creating the interface with HTML and styling it with CSS. They gain proficiency in JavaScript by implementing the game logic, including player choices and outcome determination. The project enhances problem-solving abilities as participants debug and troubleshoot their code to ensure smooth gameplay.

Project Title: Simple Calculator

Learning Outcomes: Calculate Basic Arithmetic Operations (addition, subtraction, multiplication, division) accurately. And Display clearly and handle user input effectively to ensure a user- friendly experience.

Project Title: tic tac toe

Learning outcomes : Developed a Tic-Tac-Toe game using HTML, CSS, and JavaScript. Implemented game logic for player moves and win/loss conditions. Enhanced UI/UX with responsive design and interactive elements.

The ICFAI University, Agra Road, Jamdoli, Near Cambay Golf Resort, Jaipur-302 031, Rajasthan  
E-mail: msaxena@iujaipur.edu.in; Website: www.iujaipur.edu.in

Applied DOM manipulation for dynamic game updates. Improved problem-solving and algorithmic thinking skills.

Project Title : Portfolio

Learning outcomes : Developed a responsive portfolio website using HTML, CSS, and JavaScript. Enhanced UI/UX through front-end frameworks and basic SEO strategies. Gained experience with version control using Git and GitHub. Integrated backend technologies for dynamic content and CRUD functionality. Applied project management skills to deliver the project within deadlines.

Project Title : password management system

Learning outcomes : Built a secure password management system using HTML, CSS, Node.js, Express, and MongoDB. Implemented user authentication and encryption to ensure data security. Developed a responsive front-end interface for user interaction. Designed RESTful APIs for data handling and integration with MongoDB. Gained experience in full-stack development and database management.

### **Workshops/Conferences/Seminars**

- Attended a three days' workshop on data analysis
- Attended a workshop on unlocking the potential Linux.
- Attended a two days' workshop on Data Science

### **Awards & Recognition**

- I had received the participation in athletics games

### **Interests**

- Badminton
- Cricket

### **Personal Details**

Father's Name: Mr. Murari lal gupta
